

Our New
School

The School
Council
Survey

What would you like to see in your classroom?
Think about colours, storage, book corners,
carpets etc

What would you like to see in the playground?
Toilets, play equipment, shelter etc?

What other spaces do you think are important to have in the school?

Are there things in the school that you do not like, things that you would not like to see in the new school, things that people grumble about, things that do not work?

Is there any other information that would be useful?
